Members in Not Attendance:
Peter van Loo           Board Member

AGENDA
1. Discussion on 2022 BSF Conference

The meeting, held via Zoom, was called to order by Kate McCurdy on Monday, February 7, 2022 at 4:01 p.m. ET.

1. Discussion on 2022 BSF Conference
   a. Kate opened by reiterating the importance that while we want to present a united front regarding any decisions, we want everyone to share their honest opinions and be willing to disagree during board meetings
b. Emily thanked everyone for making the time for this ad hoc meeting and shared that the Conference committee has been very focused on whether or not we should still have a conference

c. BSF polled families, researchers, and clinicians, and found a near even split between those who were committed to attending the conference in person, those who definitely would not attend the conference in person, and those who were undecided at this time.

d. Given the uncertainty and divergent opinions of our community, we need to consider what is the most responsible path forward

e. The goal for this meeting is to make a decision regarding the conference

f. Emily reviewed the four options on the table

i. Maintain seven-day, in-person event at an approximate cost of $300k

ii. Switch to a three-day, in-person event in Clearwater focused on our families and the community at an approximate cost of $200k

iii. Cancel the conference in Clearwater and offer three to five smaller gatherings at a to be determined cost

iv. Cancel all in-person events for 2022 and shift to virtual

g. Kate and Emily then opened up the floor and discussion followed

h. Following the discussion, the board voted on four proposals

i. **APPROVED:** Decision to postpone the existing Hilton Clearwater contract to 2023

ii. **APPROVED:** Commitment from BSF and its affiliates to plan smaller gatherings for families to meet and spend time together

iii. **APPROVED:** Decision to host a global, virtual science and medicine meeting

iv. **APPROVED:** Commitment to explore creative ways to continue doing clinical research even during these times; possible options to consider include folding research into smaller gatherings and/or hosting an event near Johns Hopkins and the Barth Clinic

i. Kevin and Kate shared final thoughts on how important it is to gather, and that we will lean on our medical experts to identify the right health and safety protocols

j. Emily forecasted that staff will move its focus to communicating this decision with the BSF community

2. Adjournment

a. Kate McCurdy adjourned the meeting at 5:07 p.m. ET

Respectfully submitted,

Jamie Baffa – Secretary
